To Whom It May Concern:

The Merchant Strategy, Inc performed Public Involvement services for a contract held by WGI with Florida Department of Transportation. Their public involvement tasks included facilitating two public meetings and preparing notification letters and flyers. They were responsive and went above expectations to help us please our client.

I would recommend them to other industry consultants for public involvement and community relations.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Coriann Salas', with a stylized flourish at the end.

Coriann Salas, PE
Project Manager
