City of Boynton Beach  
Central Seacrest Corridor Drainage & WM Improvements  
Merchant Strategy

To whom it may concern,

The Merchant Strategy (TMS) has provided top notch Public Involvement services as a consultant for our client Boynton Beach Utilities. The director of Boynton Beach Utilities, Colin Groff is very pleased with the level of service. TMS has gone above and beyond to meet our needs, and we will continue to utilize their team for future projects. Mathews Consulting would highly recommend them to other companies.

Sincerely,

**MATHEWS CONSULTING, INC.**
